INTRODUCTION.

THE County of Suffolk was one of the four shires into which the Colony was first divided by order of the General Court, May 10, 1643.

Originally of much larger extent, it now comprises the City of Boston, the City of Chelsea, and the Towns of Revere and Winthrop.

The County of Norfolk was set off from the County of Suffolk, March 26, 1793.

On the 7th of September, 1630, old style,—which corresponds with the 17th of September as time is now reckoned,—it was ordered that “Trimountaine shalbe called Boston.” This order is the only act of incorporation which Boston had under the Colony Charter. Various alterations of its boundaries have since been made from time to time, and to it have been annexed during the present century South Boston, March 6, 1804; Washington Village, May 21, 1855; part of the Back Bay, April 25, 1859; the City of Roxbury, January 6, 1868; the Town of Dorchester, January 3, 1870; portions of the Town of Brookline, November 4, 1870, and May 8, 1874; and the Town of West Roxbury, January 5, 1874. The Probate Records of these sections of Boston, prior to the dates of their annexation, will be found in the Registry of Probate for the County of Norfolk. The City of Charlestown and the Town of Brighton were annexed to the City of Boston January 5, 1874, and a portion of the Town of Newton, May 29, 1874, and the Probate Records of these sections prior to these dates will be found in the Registry of Probate for the County of Middlesex.

This Index has been prepared under an order passed April 3, 1893, of the Board of Aldermen of the City of Boston, acting as County Commissioners for the County of Suffolk.

In 1893 the probate indexes consisted of six manuscript volumes, the first series, of three volumes, covering the period from 1636 to 1884; the second series, of three volumes, covering the period from 1884. These six volumes have been consolidated into three volumes, and brought down to the beginning of the year 1894. The first volume contains the letters from A to F; the second volume contains the letters from G to O; the third volume contains the letters from P to Z.

Every precaution has been taken to make this work an absolutely correct copy of the original index.
